

I SEE FIRE

Oh, misty eye of the mountain below
Keep careful watch of my brothers' souls
And should the sky be filled with fire and
smoke
Keep watching over Durin's sons

If this is to end in fire
Then we should all burn together
Watch the flames climb high into the night

Calling out father oh
Stand by and we will
Watch the flames burn auburn on
The mountain side (high)

And if we should die tonight
Then we should all die together
Raise a glass of wine for the last time

Calling out father oh
Prepare as we will
Watch the flames burn auburn on
The mountain side
Desolation comes upon the sky

Now I see fire
Inside the mountain
And I see fire
Burning the trees
And I see fire
Hollowing souls
And I see fire
Blood in the breeze
And I hope that you remember me

Oh, should my people fall
Then surely I'll do the same
Confined in mountain halls
We got too close to the flame

Calling out father oh
Hold fast and we will
Watch the flames burn auburn on

The mountain side
Desolation comes upon the sky

Now I see fire
Inside the mountain
And I see fire
Burning the trees
And I see fire
Hollowing souls
And I see fire
Blood in the breeze
And I hope that you remember me

And if the night is burning
I will cover my eyes
For if the dark returns
Then my brothers will die
And as the sky is falling down
It crashed into this lonely town
And with that shadow upon the ground
I hear my people screaming out

Now I see fire
Inside the mountains
I see fire
Burning the trees
I see fire
Hollowing souls
I see fire
Blood in the breeze
I see fire
Oh you know I saw a city burning out (fire)
And I see fire
Feel the heat upon my skin, yeah (fire)
And I see fire (fire)
And I see fire burn on and on the mountain
side

SUPERMARKET FLOWERS

I took the supermarket flowers from the windowsill
I threw the day-old tea from the cup
Packed up the photo album Matthew had made
Memories of a life that's been loved
Took the get well soon cards and stuffed animals
Poured the old ginger beer down the sink
Dad always told me, "Don't you cry when you're down"
But mum, there's a tear every time that I blink

Oh, I'm in pieces, it's tearing me up, but I know
A heart that's broke is a heart that's been loved

So, I'll sing Hallelujah
You were an angel in the shape of my mum
When I fell down, you'd be there holding me up
Spread your wings as you go
And when God takes you back
He'll say, "Hallelujah, you're home"

I fluffed the pillows, made the beds, stacked the chairs up
Folded your nightgowns neatly in a case
John said he'd drive then put his hand on my cheek
And wiped a tear from the side of my face

And I hope that I see the world as you did, 'cause I know
A life with love is a life that's been lived

So, I'll sing Hallelujah
You were an angel in the shape of my mum
When I fell down, you'd be there holding me up
Spread your wings as you go
And when God takes you back
He'll say, "Hallelujah, you're home"

Hallelujah
You were an angel in the shape of my mum
You got to see the person I have become
Spread your wings and I know
That when God took you back
He said, "Hallelujah, you're home"

IN OTHER WORDS

Give me your eyes, bringing in the morning
Give me sunrise
Give me your smile, all your hidden corners
Give me surprise

Give me all your flaws and all your quirks
How you braid your hair and tie your shirts
Give me how you laugh, how you hurt,
when you do

Give me how you eat and how you run
Give me what you hate and how you love
Give me what you hide away and think is
uncool

Give me all your fears
Give me all your dreams
Give me all you're scared to lose
Give me all your future
Give me all your blues
In other words, give me all of you

Give me your time, I'll take any moment
My one for life
Give me your light and give me your
shadow
I'm right by your side

Give me how you kiss and how you shout
To leave your clothes around our house
Give me how you checks the logs before
we both sleep
Give me your ideas and "Babe, come
here's"
And all your sad and happy tears
And how without your breakfast tea, you're
incomplete

Give me all your hopes
Give me all your doubts
Give me all your workday news
Give me all your secrets
Give me all your truths
In other words, give me all of you

All of the stars in the moonlit sky
Couldn't match what you are to me

Give me your hand
Give me your forever
Give me the chance

Give me now and then
Give me promises
Give me there's nothing to prove
Give me all your wins
Give me all you lose
In other words, give me all of you

Give me all your dates
'Til our days are through
In other words, give me all of you
In other words, give me all of you

FIRST TIMES

I thought it'd feel different playing
Wembley
Eighty thousand singing with me
It's what I've been chasing 'cause this is the
dream

When it was all over, I cleared out the room
Grabbed a couple beers, just me and you
Then we start talking the way that we do

Ain't it funny how the simplest things in life
can make a man?
Little moments that pass us by
Oh, but I remember

The first kiss, the first night, the first song
that made you cry
The first drink, red wine, on a step in
Brooklyn
I still feel the first fight, and we both made
it out alive
And I can't wait to make a million more
first times
(Mm-hmm, mm-hmm)

The greatest thing that I have achieved
This four little words, down on one knee
Said, "Darling, are you joking?"
And I just said, "Please"

Ain't it funny how the simplest things in life
can make a man?
Little moments that pass us by
Oh, but I remember

The first kiss, the first night, the first song
that made you cry
The first look in your eyes when I said, "I
love you"
I can still feel the butterflies from when we
stumbled home that night
I can't wait to make a million more first
times
(Mm-hmm, mm-hmm)

Ain't it funny how the simplest things in life
can make a man?
Little moments that pass us by
Oh, but I remember

First kiss, first night, first song that made
you cry
First dance, moonlight, in your parents'
garden
I can't wait to see everything that's yet to
be
Our first child, and then a million more first
times

SMALL BUMP

You're just a small bump unborn
In four months you're brought to life
You might be left with my hair
But you'll have your mother's eyes
I'll hold your body in my hands, be as gentle as I can
But for now you're a scan of my unmade plans

A small bump
In four months you're brought to life

And I'll whisper quietly
I'll give you nothing but truth
If you're not inside me
I'll put my future in you

You are my one and only
And you can wrap your fingers 'round my thumb
And hold me tight
Oh, you are my one and only
You can wrap your fingers 'round my thumb
And hold me tight
And you'll be alright

Ooh, you're just a small bump unknown
You'll grow into your skin
With a smile like hers
And a dimple beneath your chin
Fingernails the size of a half grain of rice
And eyelids closed to be soon opened wide
A small bump
In four months you'll open your eyes

And I'll hold you tightly
I'll tell you nothing but truth
If you're not inside me
I'll put my future in you

You are my one and only
And you can wrap your fingers 'round my thumb
And hold me tight
Oh, you are my one and only
You can wrap your fingers 'round my thumb
And hold me tight
And you'll be alright

And you can lie with me
With your tiny feet
When you're half asleep
I'll leave you be
Right in front of me
For a couple weeks
So I can keep you safe

'Cause you are my one and only
And you can wrap your fingers 'round my thumb
And hold me tight
You are my one and only
You can wrap your fingers 'round my thumb
And hold me tight
And you'll be alright

'Cause you were just a small bump unborn
For four months then torn from life
Maybe you were needed up there
But we're still unaware as why

END OF YOUTH

I've been depressed since you left, tried to
fill the hole with wine
Stopped the drugs when she came,
cleaned my act up overnight
If you reach with no reply, I'll see you when
I see you, man
You can't talk me through the fall if we
don't know if I can land
Tried to grow, but the past, it tears me
down to size
Tell the world how to process, but don't
take the same advice
Half remember what I say, then the
morning's filled with fear
Can't get a handle of my grief when every
memory turns to tears

It's been a long year and we're not even
halfway there

Is this the ending of our youth when pain
starts taking over?
I just don't know if I can ever just let it go
Everything's falling apart, when love is real,
there's never closure
I guess it's all part of life, but I can't help
but feel low

We spend our youth with arms and hearts
wide open
And then the dark gets in and that's the
end of youth

I've been lost since the teens, but pretend
it's all alright
All my ups led to falls that led to trying to
end my life
Just a boy at the start, they lent on like a
man
You were meant to be my friend and not to
take all that you can
Disengage to create, try to reinvent the
wheel
No one knows what they want, so I just
give you what I feel
If I slip and get high, I know the low is
always near
When I'm down, I never see you, when I'm
up, you all appear

It's been a long year and we're not even
halfway there

Is this the ending of our youth when pain
starts taking over?
I just don't know if I can ever just let it go
Everything's falling apart, when love is real,
there's never closure
I guess it's all part of life, but I can't help
but feel low

We spend our youth with arms and hearts
wide open
And then the dark gets in and that's the
end of youth

Ooh, ooh
Ooh, ooh

It's been a long year and we're not even
halfway there

Is this the ending of our youth when pain
starts taking over?
I just don't know if I can ever just let it go
Everything's falling apart, when love is real,
there's never closure
I guess it's all part of life, but I can't help
but feel low

We spend our youth with arms and hearts
wide open
And then the dark gets in and that's the
end of youth
We spend our youth with arms and hearts
wide open
And then the dark gets in and that's the
end of youth

PHOTOGRAPH

Loving can hurt, loving can hurt
sometimes
But it's the only thing that I know
When it gets hard, you know it can get
hard sometimes
It is the only thing makes us feel alive

We keep this love in a photograph
We made these memories for ourselves
Where our eyes are never closing
Hearts are never broken
And time's forever frozen still

So you can keep me
Inside the pocket of your ripped jeans
Holding me closer 'til our eyes meet
You won't ever be alone, wait for me to
come home

Loving can heal, loving can mend your soul
And it's the only thing that I know, know
I swear it will get easier
Remember that with every piece of ya
Hmm, and it's the only thing we take with
us when we die

Hmm, we keep this love in this photograph
We made these memories for ourselves
Where our eyes are never closing
Hearts were never broken
And time's forever frozen, still

So you can keep me
Inside the pocket of your ripped jeans
Holding me closer 'til our eyes meet
You won't ever be alone

And if you hurt me
That's okay, baby, only words bleed
Inside these pages, you just hold me
And I won't ever let you go
Wait for me to come home
Wait for me to come home
Wait for me to come home
Wait for me to come home

Oh, you can fit me
Inside the necklace you got when you were
sixteen
Next to your heartbeat where I should be
Keep it deep within your soul

And if you hurt me
Well, that's okay, baby, only words bleed
Inside these pages, you just hold me
And I won't ever let you go

When I'm away, I will remember how you
kissed me
Under the lamppost back on Sixth street
Hearing you whisper through the phone
"Wait for me to come home"

KISS ME

Settle down with me
Cover me up
Cuddle me in
Lie down with me, yeah
And hold me in your arms

And your heart's against my chest
Your lips pressed to my neck
I'm falling for your eyes
But they don't know me yet
And with a feeling I'll forget
I'm in love now

Kiss me like you wanna be loved
You wanna be loved
You wanna be loved
This feels like falling in love
Falling in love
Falling in love, mm-mm

Settle down with me
And I'll be your safety
You'll be my lady
I was made to keep your body warm
But I'm cold as the wind blows
So hold me in your arms, oh, no

My heart's against your chest
Your lips pressed to my neck
I'm falling for your eyes
But they don't know me yet
And with this feeling I'll forget
I'm in love now

Kiss me like you wanna be loved
You wanna be loved
You wanna be loved
This feels like falling in love
Falling in love
Falling in love

Yeah, I've been feeling everything
From hate to love, from love to lust
From lust to truth, I guess that's how I
know you
So I hold you close to help you give it up

So kiss me like you wanna be loved
You wanna be loved
You wanna be loved
This feels like falling in love
Falling in love
Falling in love

Kiss me like you wanna be loved
You wanna be loved
You wanna be loved
This feels like falling in love
Falling in love
Falling in love

BEST PART OF ME

My lungs are black, my heart is pure
My hands are scarred from nights before
And my hair is thin and falling out of all the
wrong places

I am a little insecure

My eyes are crossed, but they're still blue

I bite my nails and tell the truth

I go from thin to overweight, day to day, I
fluctuate

My skin is ink, but faded, too

But she loves me, she loves me

Why the hell she love me

When she could have anyone else?

Oh, you love me, you love me

Why the hell do you love me?

'Cause I don't even love myself

Baby, the best part of me is you

And lately, everything's making sense too

Oh, baby, I'm so in love with you

I overthink and still forgive

I lose my phone and place my bits

And I never catch the train on time

Always 30 minutes behind

Your worries ain't seen nothin' yet

But you love me, you love me

Why the hell you love me so

When you could have anyone else?

Yeah, yeah, he loves me, he loves me

And I bet he never lets me go

And shows me how to love myself

'Cause, baby, the best part of me is you

(woah-oh-oh-oh)

Lately, everything's making sense too

Baby, I'm so in love with you

With you

Da-dum, da-dum, da-dum, da-dum

Baby, the best part of me is you (woah-oh-

oh-oh)

Lately, everything's making sense too

Oh, baby, I'm so in love with you (oh-oo)

Baby, I'm so in love with you (yeah, yeah)

Oh, baby, I'm so in love with you
